

Redmine - Feature #4804

Removal of category/date of publication and Files header from a document

2010-02-11 15:19 - Laurens B

Target version:			
Resolution:			
Description Right now any document you create includes the category and the date of publication at the top of the document, and a "Files" header at the bottom. It would be nicer if people could choose whether or not they want them and therefore I am asking for the removal or some kind of option to turn it on and off. http://www.redmine.org/boards/1/topics/11350
