

Redmine - Defect #4867

Deselecting textile text formatting causes interning empty string errors

2010-02-17 20:25 - Lisa Seelye

Status:	Closed	Start date:	2010-02-17
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Text formatting	Estimated time:	0.00 hour
Target version:	0.9.3	Affected version:	0.9.2
Resolution:	Fixed		
Description			
If an admin choses no text formatting ('none') instead of the default 'textile' then there are no entries in @@formatters in lib/redmine/wiki_formatting.rb. Therefor when formatter_for(name) is called name is blank and to_sym raises an error as it can't create a symbol of an empty string.			
A sample backtrace is:			
<pre>Processing WelcomeController#index (for 192.168.100.218 at 2010-02-17 11:12:32) [GET] Parameters: {"action"=>"index", "controller"=>"welcome"} Rendering template within layouts/base Rendering welcome/index ActionView::TemplateError (interning empty string) on line !#10 of app/views/layouts/base.rhtml: 7: <meta name="keywords" content="issue,bug,tracker" /> 8: <%= stylesheet_link_tag 'application', :media => 'all' %> 9: <%= javascript_include_tag :defaults %> 10: <%= heads_for_wiki_formatter %> 11: <!--[if IE]> 12: <style type="text/css"> 13: * html body{ width: expression(document.documentElement.clientWidth < 900 ?
