Redmine - Defect #4874

HTML part of issue mails is not properly escaped

2010-02-18 12:51 - Holger Just

Status:	Closed		**Start date:**	2010-02-18
Priority:	High		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Email notifications		**Estimated time:**	0.00 hour
Target version:	0.9.3			
Resolution:	Fixed		**Affected version:**	

Description

The link to the issue in the HTML part of issue mails is not properly escaped. If a user inserts HTML tags into the issue subject, it is inserted unescaped into the email body which at least destroys the rendering or at worst allows sophistcated phishing attacks using specifically crafted issue subjects.

The attached patch against Redmine trunk (r3434) fixes this.
