Target version:				
Resolution:	Fixed		**Affected version:**	

Description

The Hook view_issues_move_bottom called for the form display for an issue move (introduced in r3456, r3457 for #4850) is defined with the parameter issue which however is wrong here as there are actually multiple issues for which the form applies.

The attached patch fixes this typo.

Associated revisions

Revision 3476 - 2010-02-23 22:04 - Jean-Philippe Lang

Fixed view_issues_move_bottom hook arguments (#4893).

History
