

Redmine - Defect #4901

Cannot change Target version order for issue filters if grouped by version

2010-02-23 09:51 - Spenser Jones

Status:	Closed	Start date:	2010-02-23
Priority:	Low	Due date:	
Assignee:		% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Duplicate		
<div>Description</div> <p>I was playing around with improving my "roadmap" issue filter (not a huge fan of the default roadmap), and I noticed that you cannot group results by Target version and then change the sort order of the target version (so that instead of it going 3, 2, 1, it could go 1, 2, 3). It appears that all sorts work properly, as long as they are not grouped by the same column.</p> <p>I was using the devel version from svn (revision r3474)</p>			
<div>Related issues:</div> <div>Is duplicate of Redmine - Feature #3511: Ability to sort issues by grouped co...<div>Closed2009-06-18</div></div>			

History

Didn't think it was relevant when I first created this, but I guess it may matter to someone.
