Redmine - Defect #4919

Changelog parses brackets wrong

2010-02-24 08:48 - h1d h1d

Status:	Closed		**Start date:**	2010-02-24
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Issues		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Fixed		**Affected version:**	0.8.7

Description

When I commit a change to a repository (I had it as svn) with a bracket in the commit message, (ie : [base] changed this, changed that) and view the log via redmine, the log ends up similar to "/> changed this, changed that" instead of showing it as is.

- Status changed from New to Resolved

- Resolution set to Cant reproduce

I can't reproduce this on current trunk r3839, could you please test again after having updated and reopen if needed? Thanks.

#3 - 2010-07-10 22:03 - Felix Schäfer

- Status changed from Resolved to Closed

- Resolution changed from Cant reproduce to Fixed

Already fixed in r3800 / #5548.
