

Redmine - Defect #4935

Navigation to the Master Timesheet page (time_entries)

2010-02-26 08:37 - Jeffrey Jones

Status:	Closed	Start date:	2010-02-26
Priority:	Low	Due date:	
Assignee:	Eric Davis	% Done:	100%
Category:	UI	Estimated time:	0.00 hour
Target version:	1.0.0 (RC)	Affected version:	0.9.2
Resolution:	Fixed		
Description			
<p>From what I can see there isn't a straightforward way to get to the master timesheet page for all of RedMine (/time_entries).</p> <p>The only way I have been able to find it was to go to a project, access that project's timesheets then follow the breadcrumb back up to "All Projects" (Or typing in the URL).</p> <p>I think a good place for a simple link would be on the main projects page next to "New project View all issues Overall activity"</p>
