

Redmine - Feature #4973

Allow disable rss access to redmine

2010-03-03 08:08 - Maxim Nikolaevich

Status:	Closed	Start date:	2010-03-03
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Administration	Estimated time:	0.00 hour
Target version:			
Resolution:	Wont fix		
Description			
Feature required to decrease server load & control access to tasks which probaly could be created on public access and could not be removed from publish in case of rss used.			

History

Atom feeds contains no entry when you set "Maximum number of items in Atom feeds" setting to 0. This is virtually equivalent to disabling the atom feed from the viewpoint of server load and information security.

But I think it would be even better if Atom icons are invisible if the value of the setting is zero.
