

Redmine - Feature #4974

Currency configuration options, or a British locale

2010-03-03 08:16 - Jon Pascoe

Status:	Closed	Start date:	2010-03-03
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Text formatting	Estimated time:	0.00 hour
Target version:			
Resolution:	Wont fix		
Description			
Users should be able to configure the currency used in number_to_currency().			
Currently this is done in locales files, but there is no locale for British.			

History

- Status changed from New to Closed
- Resolution set to Wont fix

We don't have to add currency strings to locales files because number_to_currency is not used in Redmine.
