Description

I found a bug that hard coded English string "Please select" is displayed at the selection of issue watchers on a issue form, and tried to fix it like this.

Now

(redmine/app/views/watchers/_watchers.rhtml :20)

```
<p><%= f.select :user_id, (watched.addable_watcher_users.collect {|m| [m.name, m.id]}), :prompt => true %>
```

->Revised

(redmine/app/views/watchers/_watchers.rhtml :20)

```
<p><%= f.select :user_id, (watched.addable_watcher_users.collect {|m| [m.name, m.id]}) %>
```

or maybe

```
<p><%= f.select :user_id, (watched.addable_watcher_users.collect {|m| [m.name, m.id]}), :prompt=>1 (:label_please_select) %>
```

Regards
