Redmine - Defect #50

redmine 0.5.0 ORA-00904

2007-04-25 07:18 - Joe Grosse

Status:	Closed	**Start date:**	
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:		**Estimated time:**	0.00 hour
Target version:			
Resolution:		**Affected version:**	
Description			
The data model is using an Oracle reserved word - "comment" as a column name in various tables. This generates a 904 oracle error when trying to interoperate with an oracle database			

History

#1 - 2007-04-25 11:20 - Jean-Philippe Lang

Fixed. For more details:
