| It would be nice if there were some options for sorting documents. It appears that documents are listed in the order in which they are added. It would also be nice to sort the documents alphabetically. |           |                 |            |

Is this still active?

The same request came from my users at the university.  
In the 1.0-stable branch [r4450](#) you can sort documents by title, date etc.  
but if you had files e.g

"101115 printout" uploaded November 29th and  
"101105 printout" uploaded on the same day but 3 minutes later

you get the order shown above if you sort by title even though you would expect it to be the other way around.

- Status changed from Resolved to Closed

#6 - 2013-01-16 21:45 - Art Rodriguez

- File doc\_sort\_options.png added
- File doc\_sort\_error.png added

Document sort on title only appears to be sorting on the first letter of the title, not the entire title.
