- Category set to Importers

I can't reproduce.
Which Rails version are you using? Please have a look at [SubmittingBugs](#).

#2 - 2010-03-17 08:26 - Guillermo Gutiérrez

Yes, I CAN reproduce, the same thing here.

```
www-data@traccv:/usr/share/redmine$ X_DEBIAN_SITEID=default RAILS_ENV=production rake -f /usr/share/redmine/Rakefile redmine:migrate_from_trac --trace
(in /usr/share/redmine)
** Invoke redmine:migrate_from_trac (first_time)
** Invoke environment (first_time)
** Execute environment
** Execute redmine:migrate_from_trac
```

WARNING: a new project will be added to Redmine during this process.
Are you sure you want to continue ? [y/N] y

```
Trac directory []: /var/cache/trac/vidi-ng
Trac database adapter (sqlite, sqlite3, mysql, postgresql) [sqlite]: sqlite3
Trac database encoding [UTF-8]:
Target project identifier []: vidi
```

This project already exists in your Redmine database.
Are you sure you want to append data to this project ? [Y/n] Y

```
Migrating components
Migrating milestones.....
Migrating custom fields....

#3 - 2010-03-17 10:30 - Sebastian Rahlf

I can't reproduce.
Which Rails version are you using? Please have a look at [SubmittingBugs](#).

Sorry. Was a bit hasty when filing this bug report. I'm running debian lenny with the redmine packages from lenny-backports:

```

$ dpkg -l | grep redmine
ii redmine 0.9.1-1~bpo50+1 flexible project management web application
ii redmine-sqlite 0.9.1-1~bpo50+1 metapackage providing sqlite dependencies for
Redmine

```

Just as in to [#4903](#), I've changed these lines and it worked:

```

$ diff /usr/share/redmine/lib/tasks/migrate_from_trac.rake.bak /usr/share/redmine/lib/tasks/migrate_from_trac.
rake
461c461
< TracTicket.find_each(:batch_size => 200) do |ticket|
---
> TracTicket.find(:all) do |ticket|

```

#4 - 2010-03-17 21:00 - Jean-Philippe Lang

Info about my environment:

```

> ...
> Rails version 2.2.3
> ...
>

```

Redmine 0.9.x runs with 2.3.5, not 2.2.3.
This error does not occur with the appropriate Rails version.

#5 - 2010-05-03 23:54 - Marcello Teodori

[...]

just a typo, for everything to work:

```
TracTicket.find(:all) do |ticket|
```

should be:

```
TracTicket.find(:all).each do |ticket|
```

#6 - 2010-05-04 07:43 - Mike Stupalov

Please try using a different version migrate_from_trac.rake, from here:

<http://github.com/landy2005/Redmine-migrate-from-Trac>

Simply replace the file migrate_from_trac.rake in the directory lib/tasks.

For more information, see issue [#5035](#)

#7 - 2010-06-17 10:05 - Jevgen Gyrynovych

I resolved this problem edited migrate_from_trac.rake file. I change

```
TracTicket.find_each(:batch_size => 200) do |ticket|
```

to

```
TracTicket.find(:all).each do |ticket|
```

And migrate ended successfully.

#8 - 2010-06-17 11:47 - Mike Stupalov

Batch processing has appeared only in rails v2.3.

Redmine 0.9.x demands for operation rails v2.3.5, therefore even after successful migration, your installation only with errors will work!

#9 - 2011-03-03 14:16 - Etienne Massip

- *Status changed from New to Closed*

- *Resolution set to Wont fix*

Closed as due to the use of a Rails version < 2.3.
