Not sure what your problem is, could you please specify more?

#2 - 2010-03-15 20:29 - Luiz Gustavo Branco

Could you show the steps to create a copy from a default project?
To create a copy of a existent project is it necessary to install a plugin, if yes, what plugin?

Thanks in advance.

- Status changed from New to Closed

- Resolution set to Invalid

No plugin needed. Go to Admin -> Projects and you should be on... the admin project list.
Please don't open a ticket for each of your question.
