

Redmine - Defect #5113

ActionView::TemplateError (undefined local variable or method `issue')

2010-03-18 00:34 - Michaelian Ennis

Status:	Closed	Start date:	2010-03-18
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Invalid		
Description			
Might have been introduced in r3594			
Processing IssuesController#show (for 0.0.0.0 at 2010-03-17 19:10:05) [GET] Parameters: {"action"=>"show", "id"=>"139", "controller"=>"issues"} Rendering template within layouts/base Rendering issues/show.rhtml			
ActionView::TemplateError (undefined local variable or method `issue' for #<ActionView::Base:0x107304208>) on line #14 of app/views/issues/_history.rhtml: 11: <%= show_detail(detail) > 12: < end > 13: 14: <= render_notes(issue, journal, :reply_links => reply_links) unless journal.notes.blank? > 15: </div> 16: <= call_hook(:view_issues_history_journal_bottom, { :journal => journal }) > 17: < end %>

History

#1 - 2010-03-18 00:38 - Eric Davis

- Subject changed from *Changes* to *issues complete but yield 500 to ActionView::TemplateError (undefined local variable or method `issue')*

(cleaned up the title so it can be searched for)

#2 - 2010-03-18 20:24 - Jean-Philippe Lang

Can not be reproduced.

Your `/app/views/issues/show.rhtml` was not updated or you're using a plugin that overrides this view. Make sure that you properly restarted the app too.

#3 - 2010-03-18 23:43 - Mischa The Evil

- Status changed from *New* to *Closed*

- Resolution set to *Invalid*

This is caused by the [Advanced Roadmap](#) plugin to be precise. It indeed overrides that specific view. Please report it to the maintainer of the plugin.

Greetings.

#4 - 2010-03-25 15:13 - Holger Just

- Status changed from *Closed* to *Reopened*

The issue is not closed indeed. The bug is still present. As the stack trace clearly states, it is the original view (`app/views/issues/_history.rhtml:14`) which throws the exception.

There is just a `@` missing:

```
Index: app/views/issues/_history.rhtml
=====
--- app/views/issues/_history.rhtml      (revision 3612)
+++ app/views/issues/_history.rhtml      (working copy)
@@ -11,7 +11,7 @@
     <li><%= show_detail(detail) %></li>
   <% end %>
 </ul>
-  <%= render_notes(issue, journal, :reply_links => reply_links) unless journal.notes.blank? %>
+  <%= render_notes(@issue, journal, :reply_links => reply_links) unless journal.notes.blank? %>
 </div>
  <%= call_hook(:view_issues_history_journal_bottom, { :journal => journal }) %>
<% end %>
```

The bug was indeed introduced in [r3594](#). It is only triggered if you perform e.g. a bulk update and enter no journal notes.

#5 - 2010-03-25 15:20 - Holger Just

Never mind, I overwrote the `show.rhtml` template...

#6 - 2010-03-25 15:32 - Felix Schäfer

- Status changed from *Reopened* to *Closed*

#7 - 2010-05-17 15:13 - Wael Nasreddine

There's a patch for this issue upstream and on the bug [#5346](#)
