Target version:				
Resolution:	Invalid		**Affected version:**	0.9.2

Description

Step to reproduce
1. Create custom field named deadline with type 'date'
2. Set Default value to 2100-01-01 (far future)
3. Create one task and set 'deadline' to tommorow
4. Goto filters and set sorting by 'deadline' field
-what you will see
New task will be placed at the end of queue
-what expected to see
new task will be placed as first task in queue.

NB! If you updated every exist task in your project then 'deadline' field will be reseted to default value and sorting by 'deadline' will work properly but it's impossible to do that automatically :(

What is described in this issues' description seems not to match the content of issue #9607 if I am correct. Please provide some feedback about the fact if #9607 actually fixed the problem you've reported in this issue or not...

#7 - 2011-11-21 23:07 - Maxim Nikolaevich

- Status changed from New to Resolved

[#5128](#) is not issue cause:
1. There are way to mass edit of issues: to set deadline
2. Issue from comment 2 was resolved in the [#9607](#)

#8 - 2011-11-21 23:35 - Mischa The Evil

- Status changed from Resolved to Closed

- Resolution set to Invalid

Thanks for the feedback.
