Category:	Translations		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Wont fix			

Description
Copy in the lang folder. Language can be changed from Redmine: My Account -> Language -> Select Arbic (□□□□)

History

#1 - 2010-03-24 17:58 - Azamat Hackimov

- Status changed from New to 7

Naji, you need also translate two following files:
source:trunk/public/javascripts/calendar/lang/calendar-en.js
source:trunk/public/javascripts/jstoolbar/lang/jstoolbar-en.js

With RTL-text is all OK?

#2 - 2010-04-03 20:07 - Azamat Hackimov

- Status changed from 7 to Closed

- Resolution changed from Fixed to Wont fix

Ahh, and there old gloc format... Sorry about that, but you need read this document: HowTo translate Redmine in your own language
