Description

When creating spent-time-based report from project (also please add ability to report all projects at once), it shloud
be very usefull to have Total row on bottom of table. For example, when creating report for project, we add users, so
we can see spent time of every user per time (for example per every month), but there is no sum in each column. There
should be also total sum of all items.

History

#1 - 2008-03-09 17:54 - Jean-Philippe Lang

- Status changed from New to Closed

- Resolution set to Fixed

Total row added on spent-time report in [r1176](r1176).
