Category:	Text formatting		**Estimated time:**	0.00 hour
Target version:				

Description

Upon request, I've made a small patch that adds rel=nofollow on absolute links.

The patch is also available here: http://github.com/dennis/redmine/tree/nofollow-links

I delete many issues and forum messages made by spammer every day at www.redmine.org. Adding "rel=nofollow" to user-generated content (untrusted content) may prevent spammers from abusing Redmine. Google recommends using "nofollow" in order to prevent comment spam.
https://support.google.com/webmasters/answer/81749

GitHub and GitLab add "nofollow" to external links.
