<b>Description</b>			
I created a filter for my features and would like to see some numbers in the search results (maybe at the bottom):			
<ul style="list-style-type: none"><li>• total estimated time for issues in search results</li><li>• total time spent on those features</li><li>• total "overtime" (when time spent is more than original estimate)</li><li>• total time left for the listed tasks</li></ul>
