

Redmine - Patch #5336

Subtask issue not accessible via REST API

2010-04-16 13:47 - Matthew Schinckel

Status:	Closed	Start date:	2010-04-16
Priority:	Normal	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	REST API	Estimated time:	0.00 hour
Target version:			
Description When I try to view a subtask using the API, I get an exception: it is trying to access a variable that does not exist. It turns out there is a variable @issues, but in line 12, it is spelled issues. Git-patch attached.			

Associated revisions

Revision 3677 - 2010-04-17 13:49 - Jean-Philippe Lang

Fixes error on subtask XML format (#5336).

History

#1 - 2010-04-16 13:51 - Matthew Schinckel

- Assignee set to Jean-Philippe Lang

This bug was introduced in [r3671](#). I hope I am not being presumptuous in assigning it to the author of that changeset!

#2 - 2010-04-17 13:47 - Jean-Philippe Lang

- Status changed from New to Closed

Fix committed in [r3677](#). Thanks.
