**Description**

Found that it would be a good thing to have projects tracker information when asking for projects.xml. Maybe it's not the best place to put that info. Anyway, take a look at the attached patch.

Adds trackers to individual project XML (#5342).

**History**

#1 - 2010-12-04 00:33 - Alex Last

I need available issue types for a specific project. Can't create various issue types through REST API without that info.

#2 - 2013-03-17 16:34 - Ivan Cenov

- GET /projects/12.xml
- GET /projects/12.xml?include=trackers
- GET /projects/12.xml?include=trackers.issue_categories
- GET /projects/redmine.xml

#3 - 2013-03-17 16:56 - Daniel Felix

- Due date set to 2013-03-24
- Status changed from New to Needs feedback

This seems to be done.

Please give some feedback if this issue isn't closeable. Otherwise I will close this issue next Sunday.

Best regards,
Daniel
