<b>Description</b>			
<p>Hello, I used the redmine 0.8.2 but the redmine has updated to version 0.9.2. My problem is that i can't see the page ".../account/show/id-user" when i click on member in the projects. Now I see the link .../users/id-user and error 500.</p> <p>I hope that yours can help me. I'm a new member and don't know if is correct put my doubts here.</p> <p>Tks !! Sorry for my mistakes.</p>

### History

#### #1 - 2010-04-20 06:58 - Felix Schäfer

IIRC this is a new privacy feature that will only show users that are in a project you are in too, and members that are in a public project.

#### #2 - 2010-06-19 03:00 - Eric Davis

- Status changed from New to Closed
- Assignee deleted (Eric Davis)
- Resolution set to Wont fix

This is the intended behavior and was added in [r2986](#) for [#3720](#) and [#4129](#).
