

## Redmine - Defect #5406

### Watchers selection lost when issue creation fails

2010-04-30 10:01 - Felix Schäfer

<b>Status:</b>	Closed	<b>Start date:</b>	2010-04-30
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	Issues	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	0.9.4	<b>Affected version:</b>	0.9.3
<b>Resolution:</b>	Fixed		
<b>Description</b>			
[Tested with current git master (should be <a href="#">r3698</a> ) on my dev system (OS X, sqlite, passenger/apache) and our production system on <a href="#">r3628</a> (Ubuntu, MySQL, passenger/apache)]			
When trying to save an "invalid" new issue, e.g. with no subject or a due date before the start date, the new issue form "remembers" everything but the selected watchers.			

#### Associated revisions

##### Revision 3705 - 2010-04-30 13:02 - Jean-Philippe Lang

Fixed: watchers selection lost when issue creation fails (#5406). #watched\_by? was fixed in order to work with #watcher\_user\_ids= used in controllers on unsaved objects.

#### History

##### #1 - 2010-04-30 11:21 - Felix Schäfer

I'd say @issue.watched\_by?(user) in [source:trunk/app/views/issues/\\_form.rhtml#L36](#) is the culprit as #watched\_by? seems to operate only on already created relations.

##### #2 - 2010-04-30 11:31 - Felix Schäfer

Ok, the quick and dirty fix would be to replace the aforementioned [source:trunk/app/views/issues/\\_form.rhtml#L36](#) with:

```
<label class="floating"><%= check_box_tag 'issue[watcher_user_ids][]', user.id, @issue.watched_by?(user) || @issue.watcher_user_ids.include?(user.id) %> <%=h user %></label>
```

That doesn't really solve the underlying problem that #watched\_by only works with saved objects and not with those not written to the DB yet though.

##### #3 - 2010-04-30 13:00 - Jean-Philippe Lang

- Subject changed from *Watchers won't survive a new issue error* to *Watchers selection lost when issue creation fails*
- Status changed from *New* to *Resolved*
- Target version set to *0.9.4*
- Affected version (unused) changed from *devel* to *0.9.3*
- Resolution set to *Fixed*
- Affected version set to *0.9.3*

This is fixed in [r3705](#).

##### #4 - 2010-04-30 19:17 - Jean-Philippe Lang

- Status changed from *Resolved* to *Closed*
