Redmine - Defect #5406

Watchers selection lost when issue creation fails

2010-04-30 10:01 - Felix Schäfer

Status:	Closed	**Start date:**	2010-04-30
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:	Issues	**Estimated time:**	0.00 hour
Target version:	0.9.4		
Resolution:	Fixed	**Affected version:**	0.9.3

Description
[Tested with current git master (should be r3698) on my dev system (OS X, sqlite, passenger/apache) and our production system on r3628 (Ubuntu, MySQL, passenger/apache)] When trying to save an "invalid" new issue, e.g. with no subject or a due date before the start date, the new issue form "remembers" everything but the selected watchers.

Associated revisions

Revision 3705 - 2010-04-30 13:02 - Jean-Philippe Lang

Fixed: watchers selection lost when issue creation fails (#5406). #watched_by? was fixed in order to work with #watcher_user_ids= used in controllers on unsaved objects.

History

#1 - 2010-04-30 11:21 - Felix Schäfer

I'd say @issue.watched_by?(user) in source:trunk/app/views/issues/_form.rhtml#L36 is the culprit as #watched_by? seems to operate only on already created relations.

#2 - 2010-04-30 11:31 - Felix Schäfer

Ok, the quick and dirty fix would be to replace the aforementioned source:trunk/app/views/issues/_form.rhtml#L36 with:

```
<label class="floating"><%= check_box_tag 'issue[watcher_user_ids][]', user.id, @issue.watched_by?(user) || @i
ssue.watcher_user_ids.include?(user.id) %> <%=h user %></label>
```

That doesn't really solve the underlying problem that #watched_by only works with saved objects and not with those not written to the DB yet though.

#3 - 2010-04-30 13:00 - Jean-Philippe Lang

- Subject changed from Watchers won't survive a new issue error to Watchers selection lost when issue creation fails

- Status changed from New to Resolved

- Target version set to 0.9.4

- Affected version (unused) changed from devel to 0.9.3

- Resolution set to Fixed

- Affected version set to 0.9.3

This is fixed in r3705.

#4 - 2010-04-30 19:17 - Jean-Philippe Lang

- Status changed from Resolved to Closed
