

Redmine - Feature #5451

Make Start Date/Due Date settable to versions/milestones

2010-05-05 22:13 - Josh Gleaton

Status: New	Start date:
Priority: Normal	Due date:

Category: Issues	Estimated time: 0.00 hour
Target version:	
Resolution:	
Description	
It would be nice if an issues' start date and/or due dates could simply be tied to a product version/milestone, instead of (or at least, in addition to) a fixed date. This way, the milestones' dates can be moved around and all the issues start/due information tracks accordingly.

Eric Davis's [[Plugin_List#Issue-Due-Date-plugin|Issue Due Date Plugin]] might be just the thing.

#2 - 2010-06-14 16:20 - Hans Jakobsen

+1

It makes no sense to have individual Due dates for Issues, when they are assigned to a Version.

#3 - 2010-06-29 10:30 - Hans Jakobsen

The "Issue Due Data" plugin does what I was looking for. Please include this Plugin permanently in Redmine as it is good feature for everyone.
