

Redmine - Defect #5482

Wiki link markup doesn't work on welcome message

2010-05-09 13:48 - Thom Brown

Status:	Closed	Start date:	2010-05-09
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Affected version:	0.9.4
Resolution:	Invalid		
Description			
<p>I've placed a link on the welcome page, but it displays exactly as typed, i.e. it doesn't convert to a link.</p> <p>Example:</p> <p>From here you can view your <code>[[Projects]]</code> and manage project issues.</p>			

History

#1 - 2010-05-09 13:52 - Thom Brown

Version details:

Database version: PostgreSQL 8.4.3

Ruby version: 1.8.7

Rails version: 2.3.5

#2 - 2010-05-09 14:02 - Jean-Philippe Lang

- Status changed from New to Closed

- Resolution set to Invalid

The welcome page is not inside a project, so you have to give the project name in your wiki link.

For example:

`[[project:]]` => link to the root of project wiki

`[[project:page]]` => link to a given page in the project wiki

See `[[RedmineTextFormatting]]`.

#3 - 2010-05-09 14:12 - Thom Brown

Yes, my bad. Obvious now you point it out.

Thanks

Thom
