

## Redmine - Patch #5508

### "filters" and "options" should be hidden in print view via css

2010-05-12 01:46 - Radek Antoniuk

<b>Status:</b>	Closed	<b>Start date:</b>	2010-05-12
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>	Eric Davis	<b>% Done:</b>	100%
<b>Category:</b>	UI	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	0.9.5		
<b>Description</b>			
the buttons and filters menus above the issue list in the issues view would be nice to be hidden while printing to take less space in print.			

#### Associated revisions

##### Revision 3787 - 2010-06-19 23:53 - Eric Davis

Add a css class to hide content when printing. #5508

#### History

##### #1 - 2010-06-19 23:28 - Felix Schäfer

- Target version set to 0.9.5

##### #2 - 2010-06-19 23:37 - Eric Davis

- Assignee set to Eric Davis

Felix, can you stop adding issues to 0.9.5? I'm trying to get it released as soon as possible and we will have 1.0 coming out soon. Thanks.

(I'll put this one into 0.9.5, it's simple.)

##### #3 - 2010-06-19 23:46 - Eric Davis

- Status changed from New to Resolved

- % Done changed from 0 to 100

I added a .hide-when-print css class and applied it to the query form and buttons.

Oh, sorry, I was putting the (awfully) simple stuff in 0.9.5 so that it gets this week-end.

Regarding the css class: aren't most "decorations" (header, sidebar, footer) already hidden by some trick in the css? Can't remember if it was that too, but it might be better to keep it consistent.

Those are specifically hidden by name. Using a css class is simpler for things here and there (otherwise the list of things to hide could grow large).

##### #6 - 2010-06-20 00:58 - Eric Davis

- Status changed from Resolved to Closed

Merged to 0.9-stable for release.
