pre can't be inside p

Status:	Closed	Start date:	2010-05-18
Priority:	Normal	Due date:	
Assignee:	Eric Davis	% Done:	100%
Category:	UI	Estimated time:	0.00 hour
Target version:	0.9.5	Affected version:	
Resolution:	Fixed		
Description			
<p>The REST API key UI in the sidebar of /my/account wraps a pre block inside a p block, which doesn't seem to be allowed. Changing the p block to a div on source:trunk/app/views/my/_sidebar.rhtml#L20 fixes that and doesn't seem to affect the UI (at least not with the alternate theme).</p>
