Redmine - Patch #5591

'calendar' action is used with 'issue' controller in issue/sidebar

2010-05-25 11:34 - Andrew Rudenko

Status:	Closed		**Start date:**	2010-05-25
Priority:	Normal		**Due date:**	
Assignee:	Eric Davis		**% Done:**	100%
Category:	UI		**Estimated time:**	0.00 hour
Target version:	1.0.1			

Description

app/views/issues/_sidebar.rhtml still uses :controller => 'issues', :action => 'calendar' although Calendar has been moved into the separated controller.
so this patch is to use 'calendars' controller with 'show' action.

Associated revisions

Revision 4012 - 2010-08-22 20:30 - Eric Davis

Fix the calendar link in the Issues sidebar. #5591

Contributed by Andrew Rudenko

History

#1 - 2010-05-25 11:36 - Andrew Rudenko

sorry, forgot to add information:

- branch: trunk (dev)
- revision: r3750

#2 - 2010-08-20 05:54 - Mischa The Evil

- Category changed from Issues to UI

- Assignee set to Eric Davis

- Target version set to 1.0.1

This is a small fix which can be / should be included in 1.0.1 too imho.

Thanks for reporting this Andrew.

#3 - 2010-08-22 20:28 - Eric Davis

- Status changed from New to Resolved

- % Done changed from 0 to 100

Fixed in r4012, thanks for finding that.

#4 - 2010-08-22 21:47 - Eric Davis

- Status changed from Resolved to Closed

Merged to 1.0-stable.
