Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	Email notifications	Estimated time:	0.00 hour
Target version:	1.4.0		
Resolution:	Fixed		
Description Hi, I think it would be great if we could sort mail by sender. For example I want be able to color in light gray mail sent when I do an action on Redmine. Could you please add X-Redmine-sender header to email notification. JJay

Revision 8785 - 2012-02-05 13:57 - Jean-Philippe Lang

Adds a X-Redmine-Sender header to email notifications (#5643).

History

#1 - 2010-06-13 14:56 - Holger Just

This is already implemented. See [source:trunk/app/models/mailer.rb#L345](#).

An example would be

```
X-Redmine-Issue-Author: thelogin
X-Redmine-Issue-Id: 5643
Precedence: bulk
X-Redmine-Project: redmine
X-Mailer: Redmine
Auto-Submitted: auto-generated
X-Redmine-Site: Redmine
X-Redmine-Host: www.redmine.org
```

Using these headers (and the additional ones for the various notification types) you should be able to effectively filter your mail.

No, It's not the feature I wish. I want be able to filter on notification sender. For example in the mail I received when you posted a reply to my ticket I unable to see that you are the sender.

I wish a new header like that :

X-Redmine-sender: Holger
X-Redmine-Issue-Author: jjay
X-Redmine-Issue-Id: 5643
Precedence: bulk
X-Redmine-Project: redmine
X-Mailer: Redmine

- *File notification_sender.patch added*

Hi,

I just added a patch for this feature. It's a really simple patch !

#4 - 2011-03-02 17:21 - Etienne Massip

- *Target version set to Candidate for next major release*

#5 - 2012-01-19 00:48 - Terence Mill

There is a plugin which can be reused

http://www.redmine.org/plugins/redmine_mail_sender

#6 - 2012-02-05 13:57 - Jean-Philippe Lang

- *Subject changed from Add X-Redmine-sender header to email notifications to Add X-Redmine-Sender header to email notifications*
- *Status changed from New to Closed*
- *Assignee set to Jean-Philippe Lang*
- *Target version changed from Candidate for next major release to 1.4.0*
- *Resolution set to Fixed*

Added in [r8785](#). The header is X-Redmine-Sender.
