

## Redmine - Feature #5660

### Multiple tabs, login pages with back\_url

2010-06-09 11:20 - Michal Gebauer

<b>Status:</b>	Closed	<b>Start date:</b>	2010-06-09

<b>Target version:</b>			
<b>Resolution:</b>			
<b>Description</b>			
When I login in one tab simple page refresh in others doesn't work.			
If user is already logged in when visiting login page with back_url then he should be automatically redirected to that page.			
Login on other pages doesn't work because of invalid token but after navigating back to previous page back_url is loaded instead of login page.			

#### History

##### #1 - 2011-09-17 13:01 - Etienne Massip

- Category set to Accounts / authentication

##### #2 - 2014-01-25 13:40 - Jean-Philippe Lang

- Status changed from New to Closed

Fixed in [r12705](#) (see [#15926](#)).
