Redmine - Defect #5666

'Show' view of repository and entry doesn't work in production environment, but does in development

2010-06-10 14:15 - Zhoran Twalve

Please use the forums for support requests.

Also note that you need rack 1.0.1, not sure that 1.1 is supported. Please also attach the error trace that leads to the 500 error and have a look at the SCM-error.log in the logs directory in the redmine directory.
