

## Redmine - Feature #5686

### Allow to hide custom fields based on value of core fields (status)

2010-06-14 14:05 - Maxim Nikolaevich

<b>Status:</b>	New	<b>Start date:</b>	2010-06-14
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	Custom fields	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>			
<b>Resolution:</b>			
<b>Description</b>			
<p>For example in this tracker i don't need to see "resolution" field when i create task. i need "resolution" field only in time "resolved" status. also i need to make "resolution" field required field in this status (now it's possible to do that in all status only - but in new status this field does not required...)</p> <p>P.S. This issue is main reason why i can't use many custom fields in my project.</p>			

#### History

##### #1 - 2010-08-03 23:10 - Sam Hartsfield

Appears to be related to [#1917](#) and [#1171](#), though this one also mentions hiding the field until it's required.

I pretty much care about the resolution field, and I wouldn't mind if that were a default field.

##### #2 - 2011-03-23 11:33 - Toshi MARUYAMA

- *Category set to Custom fields*

##### #3 - 2011-11-22 00:03 - Maxim Nikolaevich

Can anybody to set relations between of issues?

##### #4 - 2011-11-22 04:29 - Mischa The Evil

I don't think it's related in such a way that it's worth these two issue relations.

##### #5 - 2013-01-27 04:57 - Mischa The Evil

- *Subject changed from Allow hide some custom field in various status of task to Allow to hide custom fields based on value of core fields (status)*

Requested on forum: [Is there a way to configure the issue fields become visib...](#)
