**Description**

Thanks for the great piece of work! It would be good if Redmine could send out email notifications when an issue is updated as well. Now I have to add a note before the email notification is sent out to assignee.

**History**

**#1 - 2008-01-21 13:18 - Jean-Philippe Lang**

This was fixed in r1018 and will be available in the next release.
