Description

It would be useful if there was a button/link in the Redmine administration that would reload the themes. This will make it easier for users to install new themes and not have to remember to restart Redmine afterwards.

I have some old code in a plugin that does this already, I'll extract it out.

#2 - 2010-11-27 15:01 - Jean-Philippe Lang

- Status changed from New to Closed

- Resolution set to Fixed

Done in r4432. Themes are reloaded when going to application settings.
