<b>Description</b>			
<p>As I was working on #2055, I noticed that anonymous user doesn't have filters for "assigned_to" and "author" fields in the cross-project "View all issues" page. In fact users can only filter on users of projects they currently are member of, whereas they should be able to filter on each visible project. Actually that's what they can do in each project "Issues" tab, so there's no reason they couldn't do it in cross-project view.</p> <p>Steps to reproduce (here on <a href="http://www.redmine.org">www.redmine.org</a> for instance) :</p> <ul style="list-style-type: none"><li>- log out</li><li>- click on "Projects" at the top, then on "View all issues" in the sidebar</li><li>- try to add a filter =&gt; no "Author" or "Assigned to" option</li></ul> <p>Patch attached. Can anybody confirm this is functionally appropriate before I push it to the trunk ?</p>
