Description			
<p>I have finally installed Redmine 0.9.6 after many hours getting correct gem version that work together...</p> <p>Anyway, I have it running and it is only displaying a "Text" version of the menu options for everything. In other words it is a very simple text UI?</p> <p>Is there a setting to make it display with normal tabbed menus and a normal HTML display?</p> <p>Please help I am dying to use Redmine...</p> <p>thanks, Shadowdog.</p>
