Description Hi! It would be great especially when reporting bugs if one could select the version of the product where the bug was found. See http://www.redmine.org/boards/1/topics/1170?r=14929#message-14929 The field could be populated with the released versions. Thanks in advance! Gábor	
Related issues: Is duplicate of Redmine - Feature #1675: Add 'affected version' as a standard... Closed 2008-07-23
