

Redmine - Feature #589

Change ordering of issue notes to more convenient

2008-01-25 18:28 - Alex Mikalev

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Resolution:	Fixed		
Description Issue notes are sorted by date ascending which leads to the freshest notes being at the bottom of the screen. The suggestion is to reverse the order: latest notes should be visible first. Thanks!

Associated revisions

Revision 1197 - 2008-03-05 16:41 - Jean-Philippe Lang

Add a user preference to choose how comments/replies are displayed: in chronological or reverse chronological order (#589, #776).

History

#1 - 2008-01-26 18:05 - Thomas Löber

I find the current order much more comfortable to read.

So I'd suggest this should be at least a user configurable feature.

#2 - 2008-02-05 09:18 - Nikolay Solakov

+1 for user configurable feature :)

#3 - 2008-02-07 21:43 - David Petersen

+1 for per user config.

#4 - 2008-03-05 16:44 - Jean-Philippe Lang

- Status changed from New to Closed

- Resolution set to Fixed

User preference added in [r1197](#) to choose between chronologic or reverse chronologic order. Default is still chronological order (ASC).

#5 - 2021-05-14 08:31 - Darko Palic

see for extended feature [#35237](#)
