

Redmine - Defect #5892

Changing status from contextual menu opens the ticket instead

2010-07-16 11:22 - Cristiano Bianchi

Status:	Closed	Start date:	2010-07-16
Priority:	High	Due date:	
Assignee:		% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:	1.0.1	Affected version:	
Resolution:	Fixed		
<b>Description</b> When in an Issue list and using the right-click contextual navigation and trying to change Status of an Issue, redmine opens the ticket instead of simply change the status and stay in the list. This was not happening in version 0.8.4, which we had before, but it does happen in 0.9.5

Fixes broken status change in context menu (#5892).

History

#1 - 2010-07-18 02:45 - Mischa The Evil

- File fix\_contextmenu\_status\_change\_behaviour-r3847.patch added
- Priority changed from Normal to High
- Target version set to 1.0.1
- Affected version (unused) changed from 0.9.5 to devel
- Affected version deleted (0.9.5)

I can confirm this too on the current trunk @ [r3847](#), thus 'devel' is the affected version at first.

I've extracted a workaround patch (based on patches from both issue [#5894](#) and issue [#1650](#) [[note-21](#) and follow-up [forum-thread](#) ] ) for this issue. Though, I believe it is not the best way to solve this issue. I now "abuse" the bulk\_edit action-method to apply the status-transition instead of using the regular edit action-method.

IMHO this defect is pretty awful and should be fixed asap. That's why I've changed the "Priority" and "Target version" accordingly... Please correct me if I'm wrong...

Patchfile: [fix\\_contextmenu\\_status\\_change\\_behaviour-r3847.patch](#)

#2 - 2010-07-25 11:47 - Jean-Philippe Lang

- Status changed from New to Closed
- Resolution set to Fixed

Fixed in [r3871](#).

#3 - 2010-07-25 12:09 - Cristiano Bianchi

- Status changed from Closed to Reopened

I was on [r3826](#) and tried to update to 3871 or the current 3876. In both cases, when using the contextual change of status I now get an error 500.

Should I have updated other things when upgrading from 3826?

Ruby version is 1.8.7  
Gem version is 1.3.5

Rails version is 2.3.5  
Passenger version is 2.2.15

Thanks, Cristiano

Can't reproduce on current trunk ([r3878](#)), have you restarted your redmine after the update? Please also be aware that you *need* to be a member of the project as even admins can't break workflows.

#### #5 - 2010-07-25 12:48 - Cristiano Bianchi

Yes Felix. I have restarted Redmine, several times. I run it with Passenger on Apache 2.2 so I have restarted Apache.  
The only way to avoid the error is to go back to [r3826](#).

What do you mean that I need to be a member of the project and I have "broken" a workflow...? If I remember correctly it was you who suggested to post a ticket here when I mentioned the issue on the forums.

Thanks, Cristiano

Please attach your error stack trace.

To be able to change the status, you need to be allowed per the workflow.

Anyway, I was able to reproduce by selecting more than one issue, here the relevant trace from the production log:

```
Processing IssuesController#context_menu (for 129.217.54.189 at 2010-07-25 12:51:32) [POST]
  Parameters: {"back_url"=>"/projects/sandbox/issues", "ids"=>["861", "847"], "action"=>"context_menu", "authenticity_token"=>"[EDITED]", "controller"=>"issues", "_"=>""}
Rendering issues/context_menu

Rendering /var/www/orga.fachschaffen.org/public/500.html (500 Internal Server Error)

#### #8 - 2010-07-25 12:59 - Felix Schäfer

- Status changed from Reopened to Closed

Closing this issue as the problem was not introduced in the fix for this issue, but in the fix for [#5925](#).

#### #9 - 2010-08-04 14:05 - Cristiano Bianchi

I'm not reopening this, but it still does not work for me.  
I have updated to [r3911](#), and rake upgraded the DB.  
But when I use the contextual menu to change status, I get an error 500.

Any help would be appreciated.

Thanks, Cristiano

#### #10 - 2010-08-04 14:20 - Felix Schäfer

Please open a thread in the help forum and provide the trace from your redmine log.
