<b>Description</b>			
<p>When you go to "/issues/gantt" (cross-project gantt), then try to export it as a PDF file, project names are not displayed. They should, both for issues and versions, because issues can come from many projects (94 in our case), so not having this information can be a bit confusing.</p> <p><i>edit by Mischa The Evil:</i> This also happens on PNG export.</p>

#### History

**#1 - 2010-07-19 22:20 - Mischa The Evil**

- Subject changed from *Global gantt PDF should display project names* to *Global gantt PDF and PNG should display project names*

I can confirm the mentioned behaviour. It's also happening on rendering of the png view so I've modified the issues subject accordingly.

Imho this *can* be classified as a high-prio issue, so it might be needed to get it fixed in the 1.0.x-branch. I'll leave that decision to the devs...
