

Redmine - Defect #6052

My Page / Calendar shows wrong day when week starts on Monday

2010-08-06 11:08 - Moritz Voss

Status:	Closed	Start date:	2010-08-06
Priority:	Normal	Due date:	
Assignee:		% Done:	100%
Category:	UI	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Invalid		

Description

The Calendar block in "my page" misses a day when weeks are set to start on Mondays.

Repro:

- Go to Administration, set week start to Monday
- Make a calendar block in your "my page"
- observe the very top left "previous day" date is one day off

See attached picture.

Screen_shot_2010-08-06_at_11.08.43.png

#2 - 2010-08-06 12:12 - Felix Schäfer

On this screenshot, the "31" denotes the week number, not the day before that :-)

#3 - 2010-08-06 13:09 - Moritz Voss

- Status changed from New to Resolved
- % Done changed from 0 to 100

Haha, owned. Thanks for pointing this coincidence out.

Issue resolved.

#4 - 2010-08-06 15:35 - Felix Schäfer

- Status changed from Resolved to Closed
- Resolution set to Invalid
