Redmine - Defect #6055

Missing Translatione error when logging time without Activity

2010-08-06 11:25 - Moritz Voss

Status:	Closed	**Start date:**	2010-08-06
Priority:	Normal	**Due date:**	
Assignee:	Azamat Hackimov	**% Done:**	0%
Category:	Translations	**Estimated time:**	0.00 hour
Target version:			
Resolution:		**Affected version:**	

Description
When logging time from the "update issue" form, and not selecting an Activity, the resulting error message that is shown (english language version) seems to be missing a translation.

Is duplicate of Redmine - Defect #5162: translation missing: zh-TW, field_tim...	**Closed**	**2010-03-24**	**2010-08-20**

History

#1 - 2010-08-07 23:53 - Holger Just

This duplicates #5162. I keep it open because of the screen shot.

And to answer the question in the ticket: No, it is currently not possible to disable notifications altogether.

#2 - 2010-08-08 00:00 - Moritz Voss

Thanks.

The question in the ticket is irrelevant, it just happened to be in the ticket I used as an example (and the answer was actually "yes", but that's off-topic here ;-)

#3 - 2010-08-19 20:48 - Azamat Hackimov

- Status changed from New to Closed

OK, new string added in r4007.
