Redmine - Feature #6134

Issue workflow permissions

2010-08-13 12:17 - Maxim Strukov

Status:	Closed	**Start date:**	2010-08-13
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:	Issues	**Estimated time:**	0.00 hour
Target version:			
Resolution:	Invalid		

Description

One requirement of our company is that only the issue reporter can close it.

The workflow should be: the assignee would set the issue as resolved, then Redmine would automatically assign the issue back to the reporter who can then decide to close or to reassign the issue.
