Description			
I'm not sure if anybody else is interested in it, but our billing department likes to know what the issues are about when viewing on the web and reporting.			
This patch adds a "subject" column to the web report (truncated) and to the .csv (untruncated).			
Don't know if this breaks any tests, since I can't get them to run.

Revision 1142 - 2008-02-12 22:43 - Jean-Philippe Lang

Added issue subject to the time entries view and subject + tracker to the csv export (#616). Default order on date column set to desc.

History

#1 - 2008-02-07 19:40 - Jon Moses

- File `add_issue_summary_to_time_report.patch` added

Stupid typo in previous patch.

#2 - 2008-02-12 22:45 - Jean-Philippe Lang

- Status changed from *New* to *Closed*

- % Done changed from 0 to 100

Committed in [r1142](#) with slight changes:

- the subject is appended to the issue id in the same column (eg. Feature #52: This is the subject)
- tracker name is added to the csv export as well
