<b>Target version:</b>			
<b>Resolution:</b>			
<b>Description</b>			
<p>It wold by important to me if where possible to link a specific version of a Wiki page. ie [[Page Name@44]]</p> <p>This wold link to <a href="http://redmine.../Page_Name?version=44">http://redmine.../Page_Name?version=44</a></p> <p>This can be very useful if you need to "connect" two interdependent documents, and if one of them is changed the other remains linked to "correct" version.</p>

I agree, the ability to link to a specific version of a Wiki page could be really useful.

##### #2 - 2012-06-28 12:11 - Torsten Schönebaum

Perhaps this patch is helpful. It doesn't cover single-page wiki export and I shamelessly ignored the test suite.
