

Redmine - Feature #6236

Wikified custom fields

2010-08-27 13:35 - Robert Schneider

Target version:			
Resolution:	Duplicate		
Description I have just notice when I put a #1234 into a text field the result is not a link to the issue. Could you make it possible? Other links could work as well, of course.			
Related issues: Is duplicate of Redmine - Feature #1179: Optionally allow Text and Long Text ... Closed 2008-05-05			

History

Which text fields? All wikified textfields will show #1234 as [#1234](#), i.e. as a link to issue 1234 if it exists.

#2 - 2010-08-27 15:10 - Robert Schneider

Custom fields. I didn't talk of custom field. But as I see now I think other fields (like category) wouldn't make sense.

Wikified textfields... okay, maybe custom fields that contain text could be wikified?

#3 - 2010-08-27 15:15 - Felix Schäfer

- Subject changed from Allow issue references in fields to Wikified custom fields
- Category set to Custom fields

Ok, so you'd like wikified custom fields :) I changed the title accordingly.

#4 - 2010-08-27 16:06 - Robert Schneider

Yes, thank you.

However, I suspected this wouldn't be possible. So I requested only for 'simple' references. But is it possible to implement this easily?

BTW (before I open another issue): Is there also a chance to change the order of fields/custom-fields? This would be also nice...

#5 - 2010-09-25 21:28 - Jean-Baptiste Barth

I think it may be a duplicate of [#5794](#). Do you confirm ?

#6 - 2010-09-27 08:36 - Robert Schneider

Yes, probably. I did not try the patch but I think it means the same (if *wikified* and *textilized* means the same and is not restricted to URLs only).

#7 - 2010-12-30 18:26 - Chad Heuschober

I think this issue is a duplicate of [#1179](#) as-well. Seems the issue has a modicum of interest. It certainly has my +1.

#8 - 2010-12-30 18:28 - Chad Heuschober

Ahh. Just found another duplicate: [#7067](#)

#9 - 2010-12-30 18:30 - Chad Heuschober

And one more duplicate for good faith: [#5250](#). This one uses the URL patch as a workaround.

#10 - 2011-04-19 11:39 - Etienne Massip

- Status changed from New to Closed

- Resolution set to Duplicate

Closed as duplicate of [#1179](#).
