

Redmine - Feature #6265

Indented / collapsible sub-issues in Roadmap

2010-09-01 13:18 - Phil Moorhouse

Status: New	Start date: 2010-09-01
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: UI	Estimated time: 0.00 hour
Target version:	
Resolution:	
Description	
<p>On the roadmap page, it would be great if there was some kind of visual indication of sub-issues, i.e. if Feature 101 has sub-issues 102, 103 and 104, then the roadmap would show:</p> <pre>feature 100 -feature 101 -feature 102 -feature 103 -feature 104 feature 105</pre> <p>If this could also be collapsible (with a remembered "collapse all" tickbox somewhere), that would rock.</p>

Hmm, should've previewed before posting.

The example should look like this:

```
feature 100
```

```
- feature 101
```

```
| - feature 102
```

```
| - feature 103
```

```
| - feature 104
```

```
feature 105
```

+1

This is the one thing that holds us from upgrading to 1.0.
