

Redmine - Defect #6272

Raw HTML Formatting not working

2010-09-02 14:07 - Lars Fischer

Status: Closed	Start date: 2010-09-02
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: Wiki	Estimated time: 0.00 hour
Target version:	Affected version:
Resolution: Wont fix	

Description

I tried to format a wiki text using the Textile Raw HTML option "==".

But this displayed wrong with showing some the HTML signs.

Example (should be a strong text "textile"):

```
&lt;b&gt;textile&lt;/b&gt;
```

History

#1 - 2010-09-02 14:58 - Holger Just

- Status changed from New to Closed
- Resolution set to Wont fix

Redmine disables some Textile features for security reasons. This includes

- arbitrary HTML tags
- arbitrary CSS

This prevents you from having XSS issue on your Redmine.
